**We can help you**

# IMPROVE STAFF NUMERACY SKILLS

**We deliver work-ready qualifications and bespoke programmes for employers at no cost to you.**

Multiply is a government-funded programme to designed to support adults to improve their numeracy skills in both their work and home lives.

Our Numeracy courses can be delivered flexibly at your workplace, at a community venue or virtually, to individuals or groups from your organisation who are aged 19 and above.

Our courses are delivered in the context of your business or industry, and help deliver 'real world' application of Numeracy such budgeting, completing timesheets, finance claims, manipulating data and building confidence with numbers.

Visit our website for more information at:
