

PLANTING WITH PRIDE

City of Doncaster Council has partnered with Doncaster Pride to celebrate and commemorate being the UK host city for Pride 2024. Projects are funded by The Tree Council and Trees for Cities.

How to get involved?

You can choose one of the following options at **no cost** to yourselves:

- **Rainbow Roots** - tree seed growing for those with limited outdoor/green spaces
- **Blooming with Pride** - an orchard of fruit and native trees
- **Pride's Pocket Forests** - Miyawaki style planting of 600 trees in 200m², encouraging quick growth, and with an outdoor seating area.

If you are interested in these projects, or wish to ask questions and discuss further, please do e-mail
