Council

About our proposals

Yorkshire Water and City of Doncaster Council are proposing innovative new measures to minimise flooding and enhance the local environment in the Clay Lane area.

The Clay Lane area retains surface water during heavy rainfall, which has resulted in local homes being flooded.

We plan to introduce new sustainable drainage systems (SuDS) that will help tackle the issue of surface water flooding and bring a range of other community benefits.

We are interested to hear your views.

About you

Name:

Address:

Postcode:

Email:

What is your interest in the scheme?

(e.g. resident/business)

Are you in favour of the proposals to tackle flooding overall?

Yes No

Are you affected by flooding?

Yes No

If so, how often?

Frequently Occasionally

Is flooding something you are concerned about?

Yes No

Your feedback on our proposals

We would also like to hear your views on the specific improvements proposed.

Attenuation Pond

Do you support our proposals for an attenuation pond behind Wilberforce Road?

Yes No

A list of trees, plants or shrubs that are effective for flood management is available today. Which of these species would you like to be included in the design of the attenuation pond and adjacent area?

Additional comments:

Continued overleaf

Our proposals include plans to create an attractive green space for community use.

How often are you likely to use this facility?

Frequently Occasionally Never

Rain gardens and permeable paving

We are also proposing to provide smaller SuDs features, including rain gardens and permeable paving.

Do you support our proposals for these features generally

Yes No If not, why?

Additional comments:

Are you looking at installing a driveway in the future?

Yes No

Would you prefer a different type of SuDs near your property from the one proposed e.g. a rain garden instead of permeable paving or vice versa?

Additional comments:

Would you be interested in being involved in a community lead group for maintenance purposes?

Yes No

Do you have any questions about any of our proposals?

Additional comments:

Once completed, this form can be emailed to **Daniel.House@Doncaster.gov.uk** or posted to Flood Risk, North Bridge Depot, North Bridge Road, Doncaster, DN5 9AN.
Thank you for your feedback.

GDPR Statement for Clarence Communications on behalf of City of Doncaster Council

At Clarence Communications, we respect your privacy and are committed to protecting your personal data. When we work with City of Doncaster Council, we only collect data as part of this public consultation and will only share it with the council and Yorkshire Water, unless otherwise required to by law.

We keep your information secure and retain it only as long as necessary to fulfil our purpose for this consultation, or as required by law.

If you have any questions about how we handle your data or wish to exercise your rights under the UK GDPR, please email **paul.smith@clarencescomms.com**

Your privacy matters to us and we're here to help.
